I/We _____, City of_____ , County of _____ , State of Wyoming, being the owner(s) of the _____ Stock Reservoir under Permit No. _____ SR, do hereby authorize the State Engineer or State Board of Control to correct the records to correctly describe the configuration of this reservoir as specified on the modified plans shown below. The original reservoir is filled with silt and unable to store the permitted capacity. The original reservoir is being left in place and will function as a silt trap. A new reservoir has been constructed below the permitted site and will store the water under this permit. The modified plans shown below indicate the capacity of the new reservoir from which stock use will be made under this permit, storing the same or a lesser volume as allowed under the original stock reservoir permit.
